

Senior Ladies Championships – Bridport GC 17th May 2022

Captain's Report

Those of you who read my reports will be thinking – ‘here she goes again it’s all about the weather!’ Well after the deluge we experienced last Wednesday, for the Bronze Spring Meeting we were a tad concerned. However we had a beautiful, blue sky, start to the day. The ladies were smiling they had taken jumpers off and all seemed well in the world. That is until the wind got up and the same ladies came back to the clubhouse exhausted and looking as if they d been through a hedge backwards! Despite this I think thy enjoyed themselves (on the whole) and certainly liked playing with different ladies from around the county.

Many thanks to the members of Bridport for giving up your tee times so we could play your beautiful course. If the golf wasn’t what we wanted the views made up for it!

Thank you to Andy Dennis General Manager for his support, Gary Parker, catering manager and his team for the lovely food and drinks, to the starters Helen Wright and Diana Hampton for keeping the field moving and to the Green Keepers Chris Tozer and his team. The course was beautiful! Finally thank you to Avril Brown Ladies Captain for organising the help required.

Over to the results (no-one can win more than one monetary prize so it goes down the list)
