

## **Dorset Ladies County Golf Association - County Cards**

The county card system offers reduced green fees to affiliated Dorset Lady Members to play at participating golf clubs.

This scheme has previously been administrated by the Dorset men's County Union.

This year their members are downloading electronic cards using the IG system app.

Dorset ladies Association is currently using a different IT system for their workings and as such we have been unable to access the IG app.

We asked IG for an estimate to obtain the app. Having looked into it we cannot justify paying the money required to obtain it.

The Dorset Ladies Executive have thus arranged for these cards to be printed and will be distributed through your county delegate /golf club.

Membership and use of the card is only available to Dorset golf club members who have a CDH Number, Handicap and their club reciprocates in the scheme.

Card users must agree to be bound by the rules of the Club being visited.

The card must be produced as proof of identity to obtain the concession.

The card is valid for 2022/3.

Please populate your card with your name, Club and CDH number.

The reduction in fees allowed is at the discretion of the hosting club but in the main clubs try to ensure card holders get the best rate available to golfers at any time. The club has the right to refuse visiting players if the course is unavailable. Note: Weekends and Public Holidays are usually excluded from the scheme (please check with the club). You are only allowed one visit to each club per year but again this is subject to the club. The County Card may only be used for groups of up to 4 players and may not be used in connection with larger groups or societies.

Members have to confirm with the Club Secretary or Professional at least 72 hours in advance. This is to ensure it is convenient to play as a Card holder on a particular day, and ascertain the reduced fee payable. You may be refused if you just turn up and expect to play.
