

The Championship weekend got off to a great start with some good scoring and competitive golf. With the match play round for both the Johnstone cup and county championship due to start on the Saturday, due to a deluge of rain very few matches were played. Therefore the matches were re-scheduled for Sunday, which was a glorious sunny day!! The quarter finals were completed, however, the semi finals and finals are to be re-scheduled. These details will be issued shortly.

Claire would like to pass on a huge thanks to Ashley Wood for hosting the event and especially to Steve Sanger, General manager, to the executive committee, all the volunteers who assisted on the day, to the catering staff, and to the players for their patience and understanding of the situation and for making the event most enjoyable.
